If installation material is purchased storage is possible after the end of the exhibition at no additional charge. Must be agreed with installer before the end of the event!
20 percent VAT must be added to all prices.

Conditions for the use of water

(extract from the exhibition rules)

As far as possible, the water network of Klagenfurter Messe BetriebsgesmbH will be available to the exhibitor for connection. After notification of what is required, the connection will be made from the existing water main to the envisaged outlet point by the contract partner at the expense of the exhibitor.

Subject to a general change the cost for the water consumption and the disposal fee amounts to € 4.00 plus 10 per cent VAT per cubic metre consumed (if water meter available – otherwise according to estimate), at least however € 60.00 plus 10 per cent VAT for the duration of the exhibition and per connection.

We acknowledge and accept the stated conditions:
