A JOURNEY THROUGH TIME AND INTO THE WORLD OF **VINTAGE CARS & LEGENDS**

WE ARE STARTING OUR ENGINES NOW

Fans of classic cars can look forward to exploring the exquisite world of legends for the first time at the Klagenfurt Exhibition Centre.

From 31st March to 2nd April 2023, the Alpen-Adria exhibition "Classic Legends" will open its garage doors and shine its headlights on a great mix of classic cars. As a commercial dealer, you will have the opportunity to present the gems of your collection and your exquisite highlights.

The exhibition will also include special themes, such as the VW Bulli T1, plus an extraordinary presentation of barn finds. The soundtrack and background for the Classic Legends will be presented on the entertainment stage. Legends of former times give insights into the world of yesteryear, and historical film material, interesting lectures and live talks add a touch of nostalgia to the exhibition.
